## Schedule

Final decision by Sheffield City Council in response to a proposal by British Telecommunications plc for the removal of a public call box pursuant to Part 2 of the Schedule to a Direction published by Ofcom on 24 November 2021 (“the Direction”).

Additional Notes to Schedule:

In addition to the site notice on the payphone posted by British Telecommunications plc, Sheffield City Council informed local community groups, individuals and councillors via the social media of the Local Area Committee and via the Council’s Communications Team. The consultation was also advertised on the Council’s Consultation Hub, Citizen Space.

The Council received one comment on this consultation which stated that, given the current condition of the kiosk, it should either be removed or fully repaired.

**The Council objects to the removal of the following payphone:**

	Telephone Number	Address	Postcode	Average number of calls per week	Ward	Agree/Adopt /Object	Reason for objection - based on need for telephony only not the kiosk
1	01142848312	School Road, High Green, Sheffield	S35 3JG	2	West Ecclesfield	Object	Whilst the payphone has low usage, it is on the edge of an area that has over 1000 households within the top 20% most deprived areas located within a kilometre (2019 IMD) and there are no other payphones within 800 metres. The payphone should therefore be retained for social and locational reasons.
